EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Friedrich Kueffner on 1/5/06.

The application has been amended as follows:

In claim 1 line 4, "HDPE" has been replaced with --HDPE (high-density polyethylene)--.

In claim 1 lines 19-20, the phrase "has been injection molded in one piece" has been replaced with --is formed as one piece via injection molding--.

In claim 1 line 21, "encloses" has been replaced with --surrounds--.

In claim 1 lines 22-24, the phrase "on both...the first component" has been deleted.

In claim 1 lines 24-26, the phrase "so as to face away from the surface as far as possible" has been replaced with the phrase --at an end face of the tubular part, said end face being at the end of the tubular part adapted to receive the fluid line--.

Claims 13-26 have been canceled.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, singly or in combination, at least the limitations "wherein the material of the first component surrounds the second component up to an injection location positioned at an end face of the tubular part, said end face being at the end of the tubular part adapted to receive the fluid line".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James M. Hewitt whose telephone number is 571-272-7084.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Daniel Stodola can be reached on 571-272-7087. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
